## LOCAL FILM MAKING WAVES OVERSEAS

This week, Brad and the  
team caught up with  
Writer-Director Brett  
Michael Innes on KC Drive  
to talk about this amazing  
achievement.

# PROTEA FIRE IN PAARL !!!

WRITTEN BY GAVIN MEIRING

A commanding team performance with bat and ball saw Temba Bavuma's men take a 1-0 series lead in the first ODI at Boland Park on Wednesday.

Bavuma knocked up 110 runs and Rassie vd Dussen an impressive 129, allowing the Proteas to win the game by 31 runs.

Unfortunately the crowds were not there to see it happen but our own Bandile Xhosa was, doing crossings and keeping people up to date with all the action.

Catch updates every hour from 10 am to 7pm with Bandile for the 2nd ODI on Friday, as well Twitter and Facebook updates on @Radiokc107.7fm

## FREE HAIRCUTS FOR SCHOLARS

Brandon Jacobs, a community worker spoke to Avril Esterhuizen in KC Lunch about Free haircut for school boys and free braiding for school girls in preparation of the opening of school 19th Jan

More than 80 young kids came from all over Magnolia area to get their hair done, free of charge.

**Brandon jacobs also said that the community is thankful for what he did. Brandon wants to thank all involved in the cutting and braiding of the scholars hair.**

# LOCAL FILM MAKING WAVES OVERSEAS

WRITTEN BY BRADLEY FORTUIN

DARYN'S GYM, the mockumentary comedy by writer-director Brett Michael Innes, has been selected to be part of the 51st Edition of IFFR (International Film Festival Rotterdam), where it will have its international premiere as part of the Big Screen Competition section of the program.

This week, Brad and the team caught up with Writer-Director Brett Michael Innes on KC Drive to talk about this amazing achievement.

## DARYN'S GYM

DIRECTOR: BRETT MICHAEL INNES  
COUNTRY: SOUTH AFRICA

**"I was completely blown away," says Innes when asked about the selection. "It is notoriously difficult for comedies to find a place at festivals, as the genre is often passed over for more 'prestigious' content. In addition to this, South African films that have festival traction almost exclusively focuses on our pain and trauma, so to have one that celebrates our shared humanity through the lens of comedy is a huge honour."**

The film is available nationwide on eVOD (<https://watch.evod.co.za>) for everyone to enjoy.

# CELL C BACK TO SCHOOL COMPETITION

LISTEN TO KC 107.7 TO WIN

EXCLUSIVE

# BACK TO SCHOOL

PAGE 9 • KC 107.7

WRITTEN BY ANRI KLEM

This past Wednesday most pupils returned to school either frightened or super excited and KC's very own Truth of the Youth joined in on the action and celebrated Drakenstein's very own youth and kids. Jayden Brink as he shared his excitement to be part of the matric class of 2022. Jayden said the following: "I am very happy and excited to complete my final year of high school". KC wishes Jayden and the rest of our 2022 matriculants a successful year filled with opportunities and exciting challenges.

Ashwin August & Lyle Van Wyk showed their relief as they completed matric last year, 2021. Ashwin and Lyle mentioned that they have mixed feelings but mostly waiting in ecstasy for their results. Our very own Kevin motivates our youth and learners for 2022 - "We know finishing high school is important, but we also want to stress the importance of having your goals and vision for after Grade 12. You not only have the power, but you also have your future in your hands. "

Let's not forget the little ones that started their primary phase of schooling. We hope that the Grade 1's first day was not too frightening and that they will have many fun-filled and learning experiences. Let's reach for the sky, the sky is not the limit, it is merely a playground. Good luck not just to the grade 1's and 12's but to all our learners!
