# **DRAKENSBERG BOYS CHOIR PAY TRIBUTE ON KC DRIVE**

WRITTEN BY BRADLEY FORTUIN

'Memories' reflect on a variety of aspects of life that we try to hold close and dear to us forever. In the case of their poignant rendition of this hit, the Drakensberg Boys Choir paid tribute to their 'old boys' and many others we've lost over the last few years.

Brad, Sakhe, and SeanJ spoke to Producer, Tristan Trent this week on KC Drive, who stood in awe at the sound of this heartfelt song.

Tristan said, "While the original Maroon 5 song has very few productive elements and sticks to a simplistic production with a standard Rhodes piano and vocal, we decided that we wanted to give it a slightly more African flavor and put it into a more "House" space. Therefore, percussive elements not found in the original song come in from the choruses."

'Memories' is now available for streaming/downloading across all digital platforms.
