# DOEN GOED DINSDAG

WRITTEN BY LIANI JOUBERT

This week on KC 107.7's Doen Goed Dinsdag, the #KCBreakfastShow is backing #BackaPack Drive. A Women's Day Initiative started by Randall Jacobs.

#BackaPack aims to donate and deliver sanitary pad packages to various schools in the Paarl Area by the 9th of August 2022 on National Women's Day

Jacobs says that reality of many underprivileged young girls in South Africa is that they are unable to attend school during their menstruation cycle, simply because they cannot afford sanitary hygiene products.

**"Support the #BackaPack Drive to make the right to education a reality for young girls in the Paarl Community"**

Here at KC 107.7, we recognize such passion projects for what it is, community projects! We urge our listeners to support the #BackaPack Drive to make the right to education a reality for young girls in the Paarl Community.

Donations can be dropped off at the KC 107.7 Station or listeners can contact Randall Jacobs for donation collection.

## "MY MOTHER PROTECTED ME FROM STREET GANGS WITH CHURCH AND MUSIC"

WRITTEN BY SAKHE DUKA

Cameron Ward, an international guitarist and musician born and bred in Lotus River, Cape Flats was mentioned by South African Legend Masekela as "one of his favorite musicians". Ward was a member of Masekela's band since the age of 21, his sound influenced by cape favorites George Benson, Jonathan Butler, and Jimmy Dudu. As a child, Ward says his mother shielded him from the street gangs with church and music, -by playing the drums in church and then being sent to music school by his mother to study piano.

Cameron Ward has headlined with Masekela at such venues as Carnegie Hall in New York, Yoshi's Jazz Club in Oakland, and The Hollywood Bowl in Los Angeles.

Internationally, Ward has played in countless venues across Africa, and crisscrossed Europe, playing the Lugano Music Festival in Switzerland, the North Sea Jazz Festival in the Netherlands, the Montreal Jazz Festival, the Back to Black Jazz Festivals in London and Brazil, the famed Ronnie Scott's Jazz Club in London and the Blue Note Jazz Club in Tokyo, Japan.

# TEVIN DONSON GOES INTERNATIONAL

WRITTEN BY BRAD FORTUIN

**"I know sometimes we do things that we are proud of no matter how small it is and people don't acknowledge your energy, time and talent at times, don't ever quit"**

27-Year-old Tevin Donson is moving on upon the music scene by becoming Mr International.

Tevin was thrilled to announce his long-awaited deal with an American company to distribute his music, as he spoke to Brad and SeanJ on KC Drive this week. "I am excited to have signed this deal because it now means that the company will handle the distribution of my music and they will help it reach the bigger audiences," said Tevin.

Travelling the world is high on his list as he hopes to tour the countries where it sells the most.

Donson started rapping at a very young age in primary school. In 2016, he released his first official radio single from his debut album titled Hayisuka, featuring Bman. It has just been an uphill journey since then, he even received compliments from the likes of Drake.

Donson says aspiring artists should keep giving as much as they can to get their name out there: "I know sometimes we do things that we are proud of no matter how small it is and people don't acknowledge your energy, time and talent at times, don't ever quit., I always believe everything will be okay in the end and if it's not okay then it's not the end"
